

JAIMA EXPO 2010 / SIS 2010

“Web Application Guidance”

~ Please use website for secure and easy application ~

When you apply from web page ...

The confirmation mail would be sent to you.

The confirmation notice from the organizer will be sent to applicant through internet to the e-mail address applicant registered.

* Please check your PC (server) settings to allow the mails from the domains “jaima.or.jp” and “jaimasis.jp”.

Secured registration with ID and password.

Web application can give you an ID and password with which you can register your profile and make all other applications through web page, while paper application would take long time with possibilities of mail troubles.

Easy input for multiple applications and registrations.

When you make multiple applications in addition to exhibitor registration through web page, common inputs like exhibitor name, address and contact person can be automatic for quick, easy and mistake free registration.

<http://www.jaimasis.jp/2010/english/>

Started January 22nd 2010 ~ Ends April 16th 2010

Start from “Provisional Exhibit Application Form” for initial registration.

[Notes]

- Please carefully manage your ID and password.
- For Exhibitor Registration, communications would be forwarded to Representative Person.
- Once Exhibitor Registration was completed, all communications are sent to Contact Person.

Application Routine

< Step1 >

Provisional Application
