*Unit : millimeters

● Specifications of basic booth components

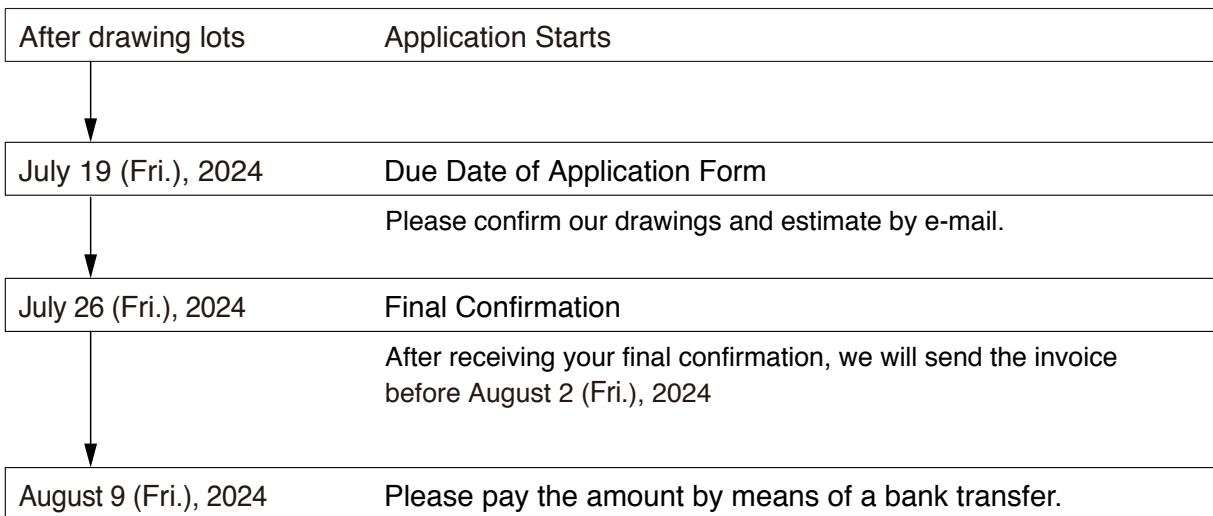

● Notes

- 1 System panels are composed of vinyl-coated plywood with white color.
- 2 Panels can be mounted with S-shaped hooks with chain and /or a Velcro tape.
- 3 System panels cannot be directly decorated or processed.
 - Nailing, cutting or making holes on the booth components (panel boards, beams, etc.) is strictly prohibited.
 - Neither pins nor a strong double-sided adhesive tape can be used.

Packaged Booth Information

- ◆ All indicated prices and fees exclude applicable tax and entry fee.
- ◆ Unless specified, all listed prices and fees are subject to 10% consumption tax.
- ◆ Exhibitors willing to order one of the packaged booth plans (p.4-p.9) or optional tool(s) which requires electricity supply are requested to submit “Electrical work wiring diagram” in JASIS “Exhibit Service Manual (the manual)” as well as the order form(s) on p.15 & p.16 in this booklet. The manual is planned to be available in June on JASIS website.
- ◆ JASIS office issue electrical wiring to trunk line and electricity usage invoice after JASIS to exhibitors who ordered packaged booth plan or selected optional tool(s) which requires electricity supply. Please refer to the manual for detailed electric fees information.
 Note: Electrical wiring inside your booth such as placing outlets will be separately billed by designated booth contractor.
- ◆ Exhibitors using cabinet, a key for exclusive use is available upon request. Fee is JPY 700/each.

● Schedule

(The order for the construction of the booth will be placed when the full payment of the invoice has been made. We retain the right to reject the order if you fail to pay the invoice in full by the due date. Notwithstanding the above, we may accept such order at our option even if the full payment is delayed. In case of the acceptance of the order, the work schedule may be changed, if necessary, by discussion between the parties.)
