

Most Advanced Exhibition for Scientific / Analytical Systems & Solutions

JASIS

Japan Analytical & Scientific Instruments Show

2020

Nov. 11 Wed ▶ **13** Fri
AM 10:00 ~ PM 5:00 **Admission Free**
at Makuhari Messe, Japan

Concurrent Event :
**New Technology Seminars /
JASIS Conference**

Special Program :
**Life Science Innovation Zone /
Open Solutions Forum**

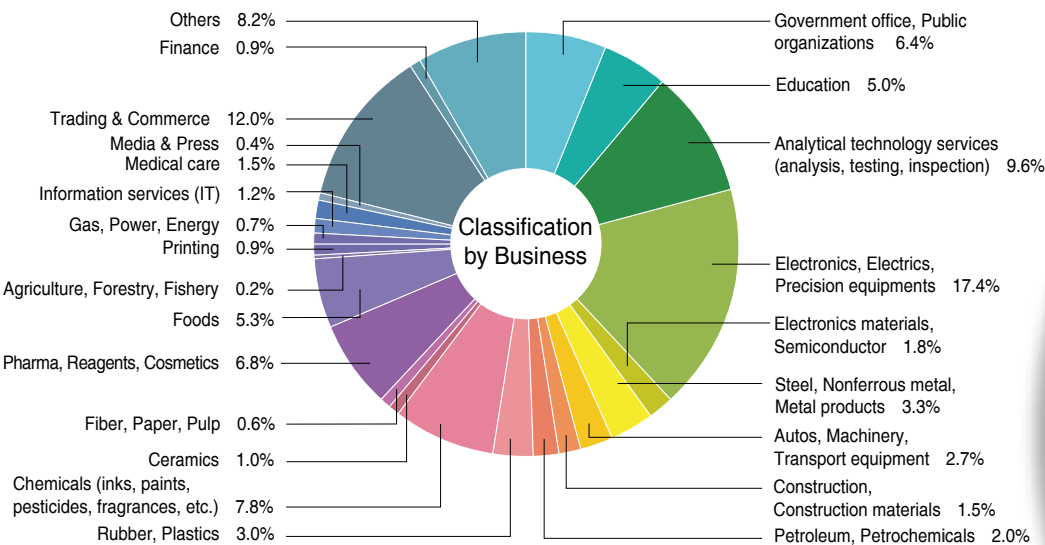

Exhibition Guide

Organizer: Japan Analytical Instruments Manufacturers' Association / Japan Scientific Instruments Association
Sponsors: Ministry of Economy, Trade and Industry(Japan) / Ministry of Education, Culture, Sports, Science and Technology(Japan) / Ministry of the Environment(Japan) / U.S. Commercial Service, U.S. Embassy, Tokyo / UK Trade & Investment Japan, British Embassy Tokyo / Others (planned)

www.jasis.jp/en

Decision-Making Visitors for Purchasing Analytical / Scientific Instruments from a Wide Range of Fields

More than **62%** of visitors are vested with decision-making or advisory authority for equipment purchase.

More than **51%** JASIS 2019 visitors are analytical/scientific instruments users seeking latest information and technologies.

- To gather information for purchasing
- To perceive market activities and trends

Voice

Visitors' comments

- At this time, I took part for the first time. I am very satisfied with free shuttle bus services and the enrichment of seminars.
- Contents are very rich. I could not have seen them all yet in three days. I am looking forward to attend JASIS next year.
- I attended for the first time. I was amazed at the sheer size.
- I have attended in nearly ten times past. I feel, other than an exhibition, being cleaned and sophisticated, and very friendly atmosphere. I would like to join in the future.

Most Advanced Exhibition for Scientific / Analytical Systems & Solutions

To Expand New Business Opportunities

Event for 2020

500 companies/
organizations

1,500 booths
(estimated)

478 companies / organizations and
1,423 booths in 2019

More than **77%** of exhibitors responded that it was well worth exhibiting at JASIS. Furthermore, 40% of Exhibitors stated they got specific results.
 Very good /good

More than **64%** of exhibitors responded that the number of visitors was as expected or exceeded expectations.
 Exceeded expectations/As expected

Voice Exhibitors' comments

- As a feature of this exhibition, the vast majority of users are expected to visit.
- We obtained sales and leading projects more than we expected.
- There were inquiries from customers who are in less contact with daily basis.
- Visitor's interests were of higher levels. We have achieved deep talks with more concrete contents.

Featured
Event

Life Science Innovation Zone

”The future of Life Science will be accelerated by Data Science”

	AM	PM
11 / 11 (Wed)	Keynote Lecture 1	Keynote Lecture 2
11 / 12 (Thu)	Keynote Lecture 3	JAIMA/PITCON/ETC Joint Session
11 / 13 (Fri)	Keynote Lecture 4	The Society for Biotechnology, Japan Joint Session

※ The above topics are subject to change without notice.

Keynote Address
by Leading Researchers
(At the Zone)

Conference
by Life science's Specialists
(At International Conference Hall)

Exhibition

Exhibitor
Presentation
(At the Zone)

Partnering Section
Collaboration with international organizations
(At the Zone)

[Exhibit Plan]

---Life Science Innovation Zone

Exhibition + Exhibitor Presentation + Business Meeting Lounge: JPY 100,000 ~
(10% consumption tax will be charged)

※ For details, check the JASIS website: <https://www.jasis.jp/en/>

New Technology Presentations

“New Technology Presentations” The Best Place to Promote your Advanced Technology

New Technology Presentations are where engineers of exhibiting companies introduce their latest products and technologies, thereby providing visitors the opportunity to see what competitors are doing. Simultaneous Japanese / English interpretation will be provided.

More than **330** sessions

over **15,000** participants attended the New Technology Presentations in 2019 (68% of all visitors).

Fees for New Technology Presentations *10% consumption tax will be charged

	Without Simultaneous Interpretation	Simultaneous Interpretation (Optional)
50 min. session	JPY 150,000 × 1.10*	(JPY 150,000 + JPY 30,000) × 1.10*
25 min. session	JPY 90,000 × 1.10*	(JPY 90,000 + JPY 30,000) × 1.10*

Eligible Participants: JASIS 2020 General booth exhibitors

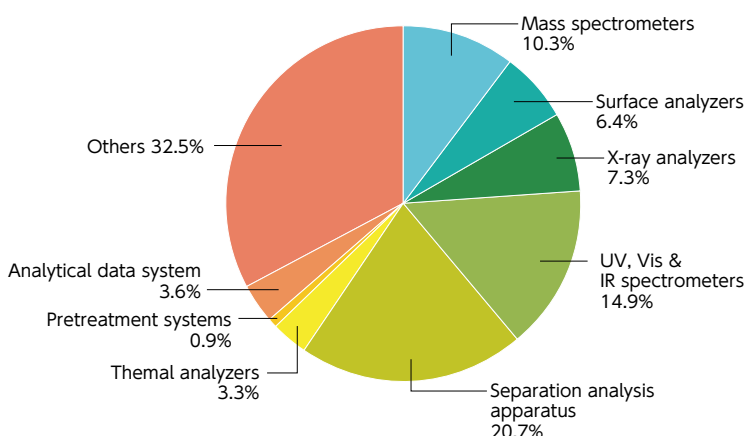

- I was impressed with the excellent quality of the contents.
- I hope this seminar will be continued in the future.
- I have a good understanding of instruments which has only been understood in brochures.
- It was beneficial because it's easy to understand.

Classified by presentation category

※ JASIS 2019 New Technology Presentations (Makuhari)

Your presentation at the New Technology Presentations will encourage attendees to visit your booth, leading to opportunities unique to the presentation for detailed business negotiations. Presentation categories are shown below.

Classified by kind of instruments

Classified by field

Conferences & Seminars

A Broad Range of Seminars and Conferences

A number of seminars and the symposium will be held by related academia and associations. The topics range from analytical technology, market trends to instruments operation know-how and the sessions will be scheduled for 4 days. 53 sessions were held with gathering more than 4,800 registrants in 2019 and around 700 people attended Science seminar and Japanese Pharmacopoeia Seminars.

About 300 participants visited the 2019 JASIS Science Seminar
Theme "Chibanian" - Strata likely represent the Reversal of Geomagnetic Field

About 400 visitors at the 2019 Japanese Pharmacopoeia Seminars
Themes "Outline of Supplement II to The Japanese Pharmacopoeia Seventeenth Edition"
 "Latest Situation of Chemical and Physical Methods"
 "Latest Trends of Assay of Host Cell Proteins"
 "Quantitative NMR and The Japanese Pharmacopoeia"

Over 4,800 people attended the JASIS 2019 conference

Title	Organizer
The 5th Symposium of Research Institute for Measurement and Analytical Instrumentation (RIMA) - Measurement and analysis solution to support technological innovation -	Research Institute for Measurement and Analytical Instrumentation (RIMA), National Metrology Institute of Japan (NMIJ), National Institute of Advanced Industrial Science and Technology (AIST)
NMIJ Reference Material Seminar 2019: Validation of Measured Values and Reference Materials	National Metrology Institute of Japan (NMIJ) National Institute of Advanced Industrial Science and Technology (AIST)
AIST Material Diagnostic Platform seminar * Analytical evaluation technology supporting the development of functional materials *	Research Institute for sustainable Chemistry National Institute of Advanced Industrial Science and Technology
Value Creation by Sensing Innovation	Department of Electronics and Manufacturing, National Institute of Advanced Industrial Science and Technology
Project for Promoting Public Utilization of Advanced Research Infrastructure Symposium 2019	Ministry of Education, Culture, Sports, Science and Technology-Japan (MEXT)
SPRING-8/SACLA	RIKEN SPRING-8 Center
Construction of measurement/characterization platform for creating innovation -basis and goal to be considered-	Japan Society for the Promotion of Science (JSPS); University-Industry Cooperative Research Committees-The 193rd Committee / Science Council of Japan (SCJ) / Japan Analytical Instruments Manufacturers' Association (JAIMA) / The Japan Society of Analytical Chemistry (JSAC)
35th Seminar on Analytical Electron Microscopy	Division of analytical electron microscopy, The Japanese Society of Microscopy
Advanced Scanning probe analysis technique	SPM division of Japanese Microscopy Society
Practical surface analysis - knowledge of surface analysis for beginners	Surface Analysis Society of Japan
JSCA Seminar 2018 on International Standardization of Surface Chemical Analysis - Recent trend of international standardization in surface analysis and microbeam analysis -	Japan National Committee for Standardization of Surface Chemical Analysis (JSCA) [Co-organizer: National Institute for Materials Science (NIMS)]
Microstructure characterization & analysis seminar	Advanced Characterization Nanotechnology Platform, All Japan characterization & analysis platform council
The 55rd Summer Seminar: Fundamentals and Applications "Infrared Spectroscopy" "Deep Ultraviolet Spectroscopy and Plasmon" "Near-infrared Spectroscopy"	The Spectroscopical Society of Japan
The Power of Reagents and their Prospect in Mass Spectrometry Laser Ablation Workshop 2019	The Mass Spectrometry Society of Japan (MSSJ) Discussion Group for Laser Ablation Spectrochemistry
Recent Topics and Prospect on Efficient Measurement and Evaluation Methods for Environmental Management	Forum on Efficient Measurement and Evaluation Methods for Environmental Management, Organization for Research and Communication on Environmental Risk of Chemicals
Measures for measuring substances such as bisphenol A, formaldehyde, siloxane, nano substances, etc. that may become subject to regulation of REACH in the future	Tokyo Environmental Management Research Institute
The technical seminar for drinking water analysis in 2018	Association Examination and Inspection for Supplied Water
JASIS2019 JEMCA seminar	Japan Environmental Measurement and Chemical Analysis Association (JEMCA)
Indoor environment sensing of IoT society	Society of Indoor Environment, Japan (SIEJ)
Information on off-flavor topics	The Society for Off-flavor Studies
AOAC Seminar: Basic Seminar for ISO/IEC 17025:2017 -Secure of adequacy of test results -	AOAC INTERNATIONAL JAPAN SECTION
Analysis and Evaluation Techniques for Biomimetics	Research Group on Biomimetics, The Society of Polymer Science, Japan (SPSJ)
Creation of analytical service business in foreign markets	PAI-NET

Title	Organizer
JSA Seminar Basic knowledge on Scientific Instruments Industry - Environmental Analysis -	Japan Scientific Instruments Association (JSIA)
JAIMA Seminar "Fundamental lectures on analyzing data" "Fundamental lectures on basic techniques in analytical experiments" "Instrumental Analysis" -GC, MS, LC, IC, Thermal Analysis, Are you confident of your analytical results?, X-Ray Fluorescence (XRF), Bio-Technology, Separation Science"	Japan Analytical Instruments Manufacturers' Association
Life Science Innovation Forum	Metabolic Profiling Forum
Profiling of Fear III -Current Looming Situations-	Metabolic Profiling Forum
Advances in Body & Ambient Sensors for Health & Diseases	Institute for Cyber Associates
Social Role of Biobanking for Bringing Innovation in Medicine	Japan bio Measurement & Analysis Consortium (JMAC) Council for Industrial use of Biological and Environmental Repositories (CIBER)
JAIMA Co-sponsored Symposium <UTokyo GlobalCEE - JAIMA Co-organized Symposium> The 4th The University of Tokyo - Vietnam National University - Yangon Technological University Strategic Partnership Joint Symposium "Vietnam- MyanmarJapan Joint Symposium on Application of Analytical Instruments in Environmental, Food and Medical Research and Education"	<Co-organizer>Global Center for Engineering Education on Basis of University-Industry-Collaboration, Department of Applied Chemistry, School of Engineering, The University of Tokyo (UTokyo GlobalCEE) Japan Analytical Instruments Manufacturers' Association (JAIMA)
JEC JAIMA symposium Environmental Impact and Measurement of Micro Plastics	Japan Society for Environmental Chemistry (JEC) Japan Analytical Instruments Manufacturers' Association (JAIMA)
JAIMA Co-sponsored Seminar Application and Development of Supercritical Fluid Extraction and Chromatography	Japan Society for SFC Japan Analytical Instruments Manufacturers Association (JAIMA)
JAIMA Forum Seminar commemorating the revision of the "JIS K 0126 General Rules for Flow Analysis" - I can't listen now. I'll start now. Flow analysis -	Japan Analytical Instruments Manufacturers' Association (JAIMA)
International Conference Session	
RSC Tokyo International Conference 2019 "Versatile Analytical Electrochemistry"	The Royal Society of Chemistry (RSC), Japan Analytical Instruments Manufacturers' Association (JAIMA)
Asia Technical Forum 2019 "Food Safety and Security in Asia with special lectures on Indian Analytical Instruments Market"	Japan Analytical Instruments Manufacturers' Association
China Forum 2019 "Latest Trends and Development of Analytical Instruments, Environmental Protection, Health Care, and Food Safety in China"	Japan Analytical Instruments Manufacturers' Association

Public Relations

JASIS is exploring various approaches to attract as many participants as possible from a wide range of fields.

International Organization Area

Foreign embassies, trade representatives and analytical/scientific industry associations are invited to introduce the current state of the analytical/scientific instrument field in their countries. International organizations will locate at Life Science Innovation Zone in JASIS 2020.

Web Site more than 1.4 million page views yearly
www.jasis.jp/en

JASIS WebExpo®

JASIS WebExpo, Digital Marketing on JASIS 2020, will start prior to JASIS 2020 (from September to middle of November) and re-started posterior to JASIS 2020 (until Middle of March, 2021).

You can promote your products with advertisement on JASIS WebExpo.

JASIS WebExpo 2020 contains popular JASIS Conference Video and JASIS exhibiting company promotion contents.

Celebration Party

An opportunity to exchange information among participants and exhibitors.

Exhibition fees and package plans for general exhibition

The fees for general booth and the packaged plan are as follows.

Dimension of Standard Booth and its Fee

Please contact the JASIS office about the other figures of exhibition.

Booth Fee

(JPY280,000/booth + JPY150,000) × 1.10*

Booth size

2.97m (W) x 2.97m (D) x 2.70m (H)

Contents of basic booth

- **Side and back walls**
 - One side would be open for corner booth.
 - The walls are vinyl coated ply walls and nailing, pinning and other fabrication on the walls are prohibited.
- **Exhibitor Signage would be attached at the top of side walls.**

Example of Basic Package Plan

Basic packaged booth

JPY41,100 × 1.10* (entry fee is excluded)

Contents of basic packaged booth

- Fascia board with company name sign
- 2 LED Fluorescent lights
- Carpet (colors selectable)

*Exhibitors must bear the cost of the power supply work and the electricity charges after the show.

For details, see JASIS website.

The example of optional plan

JPY79,580 × 1.10* (entry fee is excluded)

Contents of basic packaged booth

- Fascia board with Company name sign
- 2 LED Fluorescent lights
- Platform
- Cabinet
- Receptionist Counter
- High Chair
- Square Table
- Stool

- A corner booth comes with a header instead of side panel (aisle side).
- The exclusive key for your cabinet is available at exhibitors' request. [Pay] JPY700 × 1.10*/ea
- Mandatory electricity wiring and usage charge fees will be billed separately

*10% consumption tax will be charged

JASIS 2020 Overview

1 Title	JASIS 2020	
2 Organizers	Japan Analytical Instruments Manufacturers' Association / Japan Scientific Instruments Association	
3 Sponsors (planned)	Ministry of Economy, Trade and Industry / Ministry of Education, Culture, Sports, Science and Technology / UK Trade & Investment / Ministry of the Environment / The Japan Society for Analytical Chemistry(JSAC)/The Chemical Society of Japan / U.S. Commercial Service, Embassy of the United States of America / Japan External Trade Organization(JETRO) / Japan Science and Technology Agency / National Institute of Advanced Industrial Science and Technology / RIKEN / Japan Micro Array Consortium etc.	
4 Dates	November 11-13, 2020 (3 days, Wed. - Fri.) Opening Ceremony : 9:40 AM, November 11 at show venue.	
5 Hours	10:00-17:00	
6 Venue	Makuhari Messe International Exhibition Halls. 2-1 Nakase, Mihama-ku, Chiba City, Chiba 261-0023 Japan (URL : https://www.m-messe.co.jp/en/)	
7 Estimated Exhibition booths	1,500	
8 Admission Fee	Free	
9 Concurrent Events	(1) New Technology Seminars Dates: November 11-13, 2020 (3 days, Wed. - Fri.) Venue: APA Hotel & Resorts Tokyo Bay Makuhari / Hotel New Otani Makuhari (adjacent to exhibition venue) Scale: 350 sessions (Duration: 50 minutes or 25 minutes) Estimated audience: More than 15,000 people	(2) JASIS Conferences Dates: November 10-13, 2020 (4 days, Tue. - Fri.) Venue: International Conference Hall, Makuhari Messe Scale: 50 sessions Estimated audience: More than 4,000 people

Deadline for Booth Registration : April 10, 2020

Access

From Narita Airport

Figures are approximate riding times. *Time required for transferring trains is not included.

From Haneda Airport

Figures are approximate riding times. *Time required for transferring trains is not included.
